

# HOW TO ASSIGN A JOB

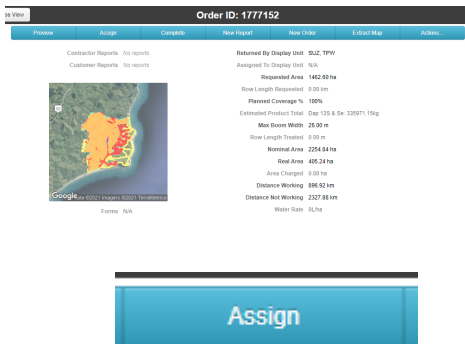

The next step after you have placed or received a job is to assign it to a device.

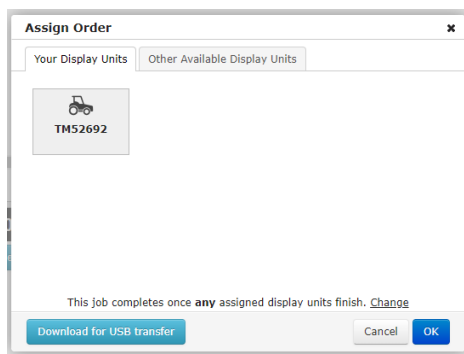

- 1 Click on the “Jobs” tab
- 2 Click on the “Placed” tab

Order ID	Customer Name
1777152	Alisha McNaught Contrac...

- 3 Select the job that you want to assign in the bright green

- 4 At the bottom of the page the job information will display as pictured
- 5 Along the top of the job information is a set of light blue buttons, click on the one that says “Assign”

- 6 Once you press “Assign” another window will pop up, here you can choose which vehicle you would like to assign your job to
